

BERNARD

Design by Shane Schneck

HAY

BERNARD

With the objective of creating a new and affordable design classic with a modern appeal to last future generations, Shane Schneck's Bernard explores the easy-chair genre within a contemporary context.

The juxtaposition of a solid-wood frame with a visually light cover creates a unique relationship between the two components, resulting in a comfortable and durable chair with a distinctive design language.

The frame is crafted in solid oak or beech with different finishes, and the slip-on cover is available in leather or industrial-strength marine canvas.

DESIGNED BY SHANE SCHNECK

Shane Schneck is an American designer based in Sweden, where he founded his Office for Design studio in Stockholm in 2010. International in his attitude and outlook, he previously lived and worked in Milan with the Piero Lissoni studio.

His work has received international recognition, winning Red Dot, iF and Wallpaper design awards. His design ethos is to create simple yet innovative products that challenge industry standards.

His products often contain an element of surprise, or are somehow playful or bold in their conception. Perhaps in their colour, form or use of materials.

For HAY, Schneck has designed Cap, Rhom Trivet, Lup, Analog, Field, Porter, Bowler, Butler and Bernard.

| BRANDY HARNESS Leather |  |  |  | |  |
| BLACK HARNESS Leather |  |  |  |  | |
| RAW CANVAS 50% sunbrella acrylic, 50% recycled sunbrel- la acrylic |  |  |  |  |  |
| GREEN CANVAS 100% cotton |  |  |  |  | |
| BLACK CANVAS 100% cotton |  |  |  | | |

Black and Brandy are Semi-aniline leather. Nature is Aniline leather. The colour 'nature' changes its patina over time, starting from a light tan before turning a pale pink, and finally becoming a light brown tan. The colours 'brandy' and 'black' are slightly pigmented, and develop patinas and become slightly lighter over time.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
