## TULOU COFFEE TABLE

GamFratesi's Tulou Table was inspired by the traditional design of a tray table and the extra functional dimension it offers. Comprising two basic elements – a spun steel round tray with a firm, easy-to-hold edge and a four-legged frame in tubular steel – the minimalistic design enables the tray to be moved around different spaces. Available in a choice of sizes, colours and finishes, its flexible design means it is suitable for use in a wide range of private and public contexts.

## GAMFRATESI

GamFratesi is a Copenhagen-based design agency comprising architect Stine Gam (born in Denmark in 1975) and industrial designer Enrico Fratesi (born in Italy in 1978), who met while studying architecture in Italy and founded their design agency GamFratesi Studio in Copenhagen in 2006. Using their dual cultural backgrounds, they fuse classic Danish craft traditions with a timeless Italian intellectual and conceptual approach. Their designs are characterised by an honest, natural expression, and the desire to communicate a story through the use of tradition, innovation and functionality. GamFratesi have received international recognition and they have exhibited work all over the world. For Hay, they have designed the Silhouette Sofa, Tuluo Table and Dorso.
