NEU 12 BAR STOOL

Whilst retaining the same distinctive profile as the rest of the collection, the Neu 12 bar stool has long slender legs in solid wood that enhance and elongate its uncluttered silhouette. It features an ergonomically moulded shell with a high, supportive back, and is reinforced with an aluminium construction under the seat to provide extra strength and durability.

The finely-grained plastic adds textural interest, while the rim detail gives the design structure. In the upholstered version, a delicate stitching line runs across the seat, while a piping detail accentuates the chair's raised rim. Its comfort and versatility make it the ideal choice for using as a bar stool or counter stool in both private and public environments.
