

T12

PRODUCT FACT SHEET

T12

DESIGN BY HAY, 2009

Defined by its pure functionality, HAY's T12 Table serves as a dining or work table in a tight composition and a clear aesthetic. Fundamental to the table's design are the legs, which are positioned in the corners to seat as many people as possible, and the generous size which offers optimal working space. These factors make it particularly suitable for using in meeting rooms or as a dining table for larger families.

HIGHLIGHTS

- Multi-functional table in different sizes.
- The table features black linoleum or white laminate tabletop and powder coated aluminium base.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

DIMENSIONS

LENGTH / 160 CM / 62.99"

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
