

Layout Studio

Designed for the person, the landscape, and the world

It's easy for anyone to find a work base in Layout Studio. It integrates with personalised work tools and storage from across our product portfolio and can take many forms across the office landscape in both seated and standing heights. Layout Studio's choices, from individual workstations and benching, to meeting tables, private offices and standing height options, play well with organisations too. It lets them scale up or down as needed, and accommodate local preferences within a global system.
