

Knoll

Bertoia Diamond Chair

In designing The Bertoia Collection, Harry Bertoia was inspired to explore how industrial materials could be elevated into a more sculptural form. His resulting furniture collection was defined by its linear composition creating a visually light object with a graphically bold presence. Their wire forms were considered a radical departure from the typical wooden framed chairs of the time, and cemented his designs as true icons of mid-century design.

Designer Harry Bertoia

Benefits

- Iconic Innovation
- Bold Statement
- Diverse Collection

Warranty 5 Years

Key Features

1. Wire Frame Design

Wire frames are made from steel rods individually hand-welded ensuring durability and quality, underscoring impeccable craftsmanship.

2. Sculptural Form

With its graceful lines and industrial beauty, the Diamond Chair transcends from an everyday object into a sculptural art form. Its light, airy appearance belies its strength and durability.

3. Two Chair Sizes

The classic Diamond Chair is available with a seat height of 46 high, making it a great choice for casual meeting and dining settings and receptions areas. The Large Diamond Chair has a lower seat height of 41, and wider proportions, supporting more relaxed postures found in lounge and contemplative haven settings.

4. Frame Finishes

Frame Finishes are available in Polished or Satin Chrome, Black or White Rilsan for indoor use and Bronze finish. Durable protective black or white coated frame finishes are also available for outdoor use. The classic Diamond Chair is also offered in 18 carat Gold frame finish.

5. Upholstery

The Bertoia Diamond Chair is available unupholstered, with a seat pad or fully upholstered in a range of fabric textiles and leather. The Large Diamond Chair is only available fully upholstered.

6. Indoor/Outdoor

Durable finish options expand the Bertoia collection to outdoor applications, broadening its appeal across the floorplate. Outdoor certified fabrics also available for seat pads and cushions.
