

Aeron[®] Chair

Ergonomic to the core, Aeron was designed for all types of human bodies. For decades, we've been perfecting it so that it's not only good for your body, but good for our environment too. Its launch was revolutionary in the office furniture industry – and it continues to lead the charge, thanks to updated research, material innovation and an iconic design that lasts. It's the same ergonomic comfort you'd expect from Aeron, updated with two new colours that expand the palette, including a midnight blue (Nightfall) and a dark olive green (Jasper).

Aeron® Chair

Key Features

- 1. 8Z Pellicle®**
8Z Pellicle offers unprecedented comfort through eight varied zones of tension in the seat and back.

2. PostureFit SL®
Stabilises and supports lower back to nurture natural S-shape of the spine and activate healthful posture.

3. Harmonic™ 2 Tilt
Helps the chair move with you thanks to an innovative tilt mechanism under the seat.
- 4. Three sizes**
Aeron comes in three sizes to ensure a more inclusive fit.

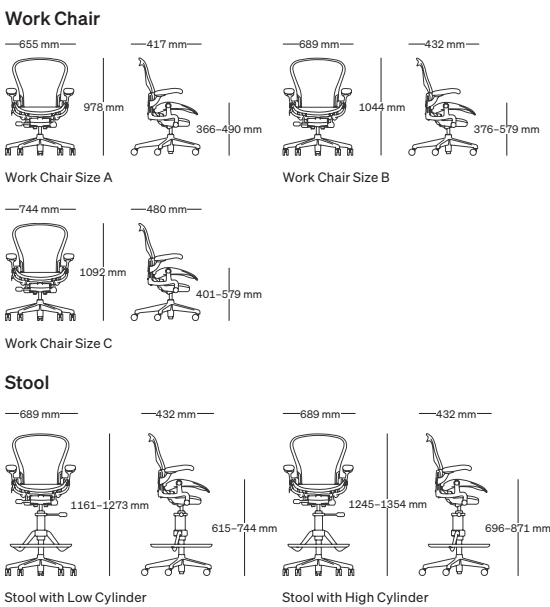

5. Dematerialised base
The aluminium base option has been redesigned, reducing overall material use and carbon footprint.

6. Ocean-bound plastic
Aeron is composed of more than 50% recycled material, including ocean-bound plastic.
